*For choice and unusual plants grown and sold in a beautiful garden*

ORDER FORM

We hope you enjoyed our catalogue and thank you for ordering from us.

We have a minimum order of £25 excluding postage and packing. We send out plants from mid to late spring and late autumn; this is weather dependent. We use a courier service which offers delivery for £11.50. Please send your order with cheque to:

**Norwell Nurseries, Woodhouse Road, Norwell, Notts. NG23 6JX.**

In spring, orders will be sent as soon as possible but we often have to wait for the plants.

Your details will never be passed to third parties except the courier firm.

*Thank you for thinking of ordering from us. We naturally prefer customers to come and visit us: there is nothing better than seeing the plants that interest you growing in a garden to understand their habits and requirements. However, we do understand that, for many people, despite us being so central and close to the A1, this is not possible. We therefore put a lot of effort into making our mail order as painless as possible, but we are not the Amazon of the plant world!*

*We are still rather old fashioned and do not accept credit cards, so all orders must be accompanied by a cheque. Please also accept that our plants are propagated with the seasons and once sold out for a year we have to wait for the cycle to come round again. Do suggest a few alternatives where possible, as it really does help; we try to be generous.*

*We send out plants from mid to late spring and mid to late autumn. This is weather dependent so email or phone us for advice if unsure. The plants are sent out in pots, not bare rooted, and many are flowering size. Rare and slow-growing plants may be smaller.*

*We have a minimum order of £25 (excluding delivery). Delivery is charged at cost; we use an excellent local courier which offers a next-day service for £11.50. We know it seems a lot of money but pots are heavy. Your cheque will not be cashed until the order is ready.*
